STYLE SNAP! Iman v Eva Green

Tuesday 27 October, 2009

The supermodel and actress both step out in the same Donna Karan dress - but who wears it better?

Iman and Eva Green were both spotted wearing this figure-hugging halterneck Donna Karan number this month.

The supermodel donned the outfit first at the 2009 American Ballet Theatre Fall Gala in New York, and looked sensational.

Eva Green then sported the same frock at the Cracks film premiere at the 53rd BFI London Film Festival in London.

Eva went for vintage curls and a contrasting shade of lipstick, whilst Iman teamed the outfit with a sparkling bracelet and black clutch, and matched her lipstick perfectly to her dress,

Whilst both ladies can pull the look off, we think Iman oozes Hollywood glamour with her glowing skin and shiny locks.

STAR CAMPAIGN: Lily Cole launches bid to save a billion Amazon trees

Friday 23 October, 2009

The 21-year-old supermodel has launched a campaign to save a billion trees in the Amazon rainforest

Lily Cole was in Kew Gardens to launch **Sky Rainforest Rescue**, a three-year campaign run by broadcaster **Sky** and conservation body **WWF**.

Kew Gardens was chosen as the location because it houses a large number of different species of trees that are grown in the **Amazon**.

Every £10 that is donated will help to save 500 trees, and Sky have promised to match every single donation pound for pound.

Lily said: "it's hard to appreciate the importance of the rainforest because it seems so far away but it's vital to the survival of the planet as we know it."

The project aims to preserve over three million hectares of trees in **Acre**, in northwest Brazil.

We love the stars being enviro-conscious.

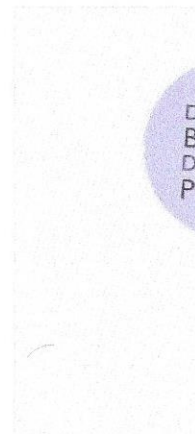

Last week we told you **Selena Gomez** will be launching an eco-friendly clothing range, and this week we bring you **Lily Cole's** rainforest campaign.

We wonder who will be next...

Hilary Duff brightens up set of new film

Wednesday 21 October, 2009

Hilary Duff is beating the winter blues with two bright outfits on the set of her new film

The Business of Falling in Love is the 21-year-old's latest film, where she plays a young freelance journalist on a quest to find love.

Hilary sported two vibrant outfits on the New York set, which we think would make **Carrie Bradshaw** very proud.

She firstly wowed us with this bright red and pink jacket with a matching miniskirt, nude heels and a bold statement office bag.

She then graced the set with a tight-fitting, leopard-print knee-length pencil skirt, with a green blouse and on-trend red high waisted belt, this time opting for black heels.

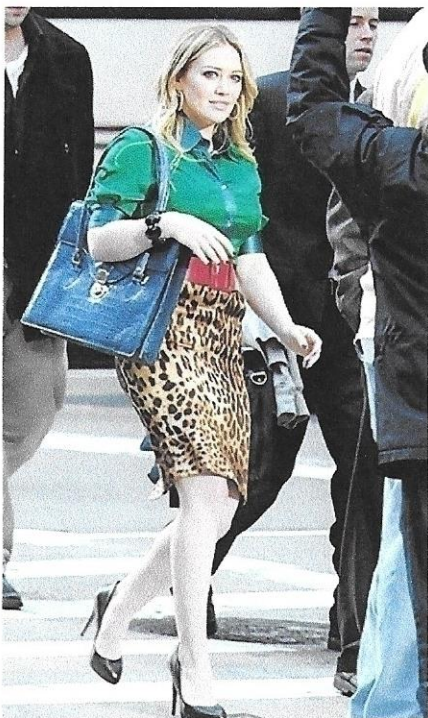

Of course her new film isn't the only project the ex-Disney Channel starlet is working on.

She also joined the **Gossip Girl** cast playing famous film star Olivia Burke, who wants to live a normal college life.

We know that Hilary has some very large Jimmy Choos to fill, but if these two outfits are just a teaser of what's to come, Hilary will be on her way to becoming the new Carrie Bradshaw in no time.

Blake Lively is the latest star to wow in Victoria Beckham

Thursday 22 October, 2009

The Gossip Girl showcases another gorgeous dress by Victoria Beckham

Just yesterday, we spotted **Carol Vordeman** donning a **Victoria Beckham** number (and not for the first time, either.)

And **Blake Lively** now also seems to be a serial fan after stepping out in another Posh number this week.

[SEE MORE STARS IN VICTORIA BECKHAM HERE](#)

Blake firstly stepped out in an **electric-blue ensemble** earlier this year at the launch of Saks Fifth Avenue's Designer Third Floor, and on Tuesday night in New York she wore this stunning black minidress to the Angel Ball Benefit for Gabrielle's Angel Foundation for Cancer Research.

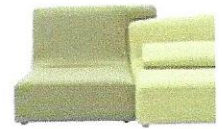

Victoria Beckham seems to be a favourite among the Gossip Girls, as **Leighton Meester** was also seen in one of her outfits, opting for a red version of Victoria's classic **Carmontelle** dress.
